

Trainee Mobile UI/UX Designers

Elegant Media is an **ISO 9001:2015 certified** Australian Company, with offices in Colombo. We have a strong portfolio of successful projects backed by a passionate tech team. We are looking for Trainee Mobile UI/UX Designers to join our established team in Colombo. The successful candidate will work in challenging and modern projects with latest PHP, mobile and web applications.

You should be someone who has a broad understanding of latest web and mobile applications and knows how to pick the right solution for a given business problem. You should know the principals of Software Design Patterns, Agile Team Management and most importantly, delivering quality software within constraints.

What you get...

- Friendly yet professional working environment.
- Highly attractive salary based on your talent.
- Exciting, Dynamic and challenging projects.
- New opportunities to learn and improve your leadership skills.
- Regular performance review

Primary Responsibilities and Essential Duties

- Create next-generation Mobile and Web designs with a focus on the client side.
- Collaborate with designers, developers, account/project managers and engineering to design user experiences
- Ensure the application of UI/UX processes within the product development process including iterations based on user feedback ,usability testing, and utilization analytics
- Facilitate design reviews

Desired Skills and Experience

- Graphic Design relevant qualification
- Knowledge in Photoshop CC and Illustrator CC required.
- Knowledge in Sketch, Adobe XD or any related UI design tool is an added advantage.
- Exposure in iOS/Android mobile UI designing is an added advantage
- A solid understanding of information and interaction user-centered design principles
- Knowledge in pixel-perfect and responsive design development
